BRIEF ABSTRACT OF LETTER.

Forwards copy of letter from the Commr of Coorg & the map referred to therein and requests to know whether the Durbar are willing to arrange for the construction ~~of such portions~~ of the bridle paths on portions of Koriarane-Narkalgud and Sakleshpur-Bisleghaut roads lying ~~in question as be within~~ the Mysore territory.

NOTES AND ORDERS.

1. The Dt Board of Coorg has sanctioned the construction of bridle paths capable of being converted into cart roads from Sonnavapet to the Mysore frontier on the east & west.

As these paths would be comparatively useless if they are not continued in the Mysore Territory to join Konanur - Arkalgud (Hassan - Periyapatna - Kannanur road) at Kommore & the Sakleshpur Bisleghat road at Kaupur, respectively, they request to be informed whether the Durbar are willing to furnish that portion which is within their jurisdiction.

2. The Konanur - Arkalgud & Sakleshpur - Bisleghat roads are old Jungle roads & there are foot paths from them to the frontier, what is now wanted being fresh conversion into bridle paths. The paths would be about 9 miles on the east & about 4 miles on the West; the most difficult portion of the paths from Sonnur aspect lies in Coorg.

(D No 5892) Represents that the formation of bridle paths in the State in continuation of those proposed to be formed from Somwarpet would be very useful, & that the works are estimated to cost about Rs 2751 and requests that the amount may be sanctioned from the L. to be formed in the Province in continuation of those proposed to be formed in the Coorg Territory, one on the East & another on the West.

8. It is stated by the Executive Engineer of Hassan that there is now a cart track on the east running through the villages of Siddapur, Alur, Hodagunur & Bettegolale as shown in tracing No 2 & as shown in black lead pencil in the Coorg map received from the Chief Commissioner's office. This cart track, which is stated to be a good trace & is about 8 miles long. ~~& What is now~~ wanted is to put it into a good state of repair, ~~for~~ which ~~a sum of Rs 400/-~~ is estimated to cost Rs 400. This cart track is slightly different from that shown in blue pencil in the map received from the Chief Commr's office & joins the Trappet Ramnatpur road, 2 miles to the south of Ramnatpur.

The repairs are estimated to cost Rs 200/- & the opening of the bridle path 2 miles in length in rough & hilly country is estimated at Rs 1620/-. In this case also the existing cart track is slightly different from the path marked in the map by the Chief Commr's office.

17 Whether the Local Funds funds whose present financial condition is noted above can bear this optional cost of 2751 is a point for consideration.

If So far as the Provincial Ways & Means Estimate is concerned I may say that there is no objection to sanctioning the grant to the extent required during the year, as the President in his letter under disposal says that if it is

To - The Secretary to the Chief Commissioner of Coorg.

I have the honour to state that the District Board, at a meeting held on the 4th instant, has sanctioned the construction of bridle paths capable of conversion into cart roads from Somwarpet (1) through Banavara to the Mysore frontier on the East and (2) through Kundalli to the frontier on the West. There are at present foot paths from Somwarpet which join respectively the Konanur-Arkalgode and Saklespur-Bisli Ghat roads within the Mysore territory and it is proposed to convert these into properly aligned bridle paths, but the Board naturally wishes to be assured that the work will be completed by the Mysore Government within their territory. I request that you will be so good as to ascertain from the Mysore Durbar whether they will be prepared to do so. By far the most difficult portion in each case lies in Coorg, but it will be comparatively useless for Coorg to undertake the work unless Mysore is willing to finish that portion which is within its jurisdiction. I attach a map showing the projected paths.

Sir,

With reference to Government Proceedings No. 3832 / L.B. 162-06-2 dated the 10th November/06, forwarding for report in consultation with the District Board, a copy of the Coorg Commissioner's letter, in the matter of construction of bridle paths, on roads from Somwarpet joining Arkalgud

Ashalyed- Konamur and Shakespeer-
Bisle- that roads and lying within
this District &c, I have the honor
to state that when the matter
was placed before the District
Board, at the meeting held on the
10th Instant, together with the plans
and estimate received with the
Executive Engineer's docket No. 225
dated 10th Instant, the Board learnt
that the probable cost of the work
would be about Rs. 2751, as estima-
-ted by the Executive Engineer. The
Board considers that the work
would be very useful for purposes
of traffic. But owing to the paucity
of funds the Board resolved that it
is not possible to defray this cost
from

Government be moved to kindly sanction a grant of Rs. 2751 from Local Funds General. When the same is sanctioned the work would be completed within a period of one year. Copy of the Board's resolution and a copy of the Executive Engineer's docket no. 225 dated 10th December/06 with estimate and two plans received therewith, as also the map received with the Government Proceedings under reply, are herewith submitted for reference.

2. Under the circumstances, I request that you will be so good as to obtain the sanction of Government to a grant of Rs. 2751, from Local Funds General, so as to enable

the

the construction of the bridle paths,
in question.

Bridle paths to connect Sowarpet in Coorg with Bisle Ghat Road and with Konanur in Arkalgud as proposed by the District Board in Coorg.

President's letter No. 208 dated 15th ultimo, forwarding copy of Government Proceedings No. 3832 L.B(62-06)-2 dated 10th November, and also copy of its enclosure letter from the

Sonnarpet with Bisle Ghat road as shown in tracing No 1 and would be about 6 miles in length, of which 4 miles lying between the 16th mile of the Bisle Ghat road and the villages of Bauagéré, Nerodi and Kalahalli is already traversed by a cart track, requiring some repairs estimated to cost about Rs 200/- the remainder of the distance being in unopened and over rough and hilly country necessitates a rather tortuous track of about 2 miles in length and it is proposed to open out a bridle path here 6 feet wide which would cost about Rs 1620/- as detailed in estimate. Thus the cost of this communication would be in all about Rs. 1820/-.

3. This proposal is to connect Soonvarpet with Konanur in Arkalgud and is shown in Tracing no 2.

It is about 8 miles long and a cart track now exists all along running through the villages Siddapur, Abbur, Hadaganur and Bettugalale and is reported by the Assistant Engineer, Mr. D. S. Lakshavathar to be a good trace, so that all that is needed is for the present to put it into a good state of repair which would cost about Rs. 400/- as also embodied in the enclosed estimate.

4. The proposals are good and both tracks if converted hereafter into roads would open up these parts considerably and prove useful.
